

# SOUL PURPOSE 2.0

BODY, BEAUTY,  
STYLE, SPIRIT,  
WELLNESS

## We are excited to announce...

Nadine Thompson the founder and CEO of Soul Purpose has returned and ignited the direct-sales and home party industry by formulating an entirely new and exciting line of wellness products. Her latest line of essential oil, hemp and CBD infused products will bring the next level of wellness and pampering into the privacy of homes around the country.

Customers will be able to learn about the benefits of CBD from informed Soul Purpose consultants without the stigma of walking into smoke shops to obtain the product. They can experience the benefits of CBD from the comfort and safety of their own homes.

*"We may have limited control of the stresses in our lives, and dealing with pain from inflammation, depression, anxiety, and loss of sleep, can negatively affect the quality of our lives. Soul Purpose's line of CBD & essential oil-based products can provide relief enabling us to restore, replenish and heal our bodies. Healthy resilience is essential."*

- Nadine

Our partners at Youngevity Life Sciences have been leading the wellness industry with a comprehensive line of nutritional products and recently launched a superior line of CBD products -HEMP FX. We are excited and honored to be a part of this innovative global community.

**Soul Purpose Lifestyle Inc is about to disrupt the direct sales and home party industry by creating the next level of wellness and pampering products. You are about to smell good and feel great!**

**Visit [www.soulpurpose.com](http://www.soulpurpose.com) on July 1st, 2019 to view our new innovative line of products. The line will include perfumes, bath & foot bombs, healing balms, and mind & body oils formulated with an ingredient deck unlike any other available currently on the market.**
