

SOULPURPOSE

NURTURE

SKIN CARE

Founder & CEO
Nadine A. Thompson

The vision.

Women from around the globe who represent a variety of cultures have used traditional herbs, botanicals and essential oils to maintain their youth and beauty for thousands of years. Today, you can enjoy this collective “wisdom of nature” in Nurture, Soul Purpose Lifestyle Company’s new, healthy line of beauty and skin care products.

The goodness and replenishing properties of nature are exactly what you will find in Nurture. Nurture was created with a very simple goal in mind: To give women—and men—of every ethnicity, skin care products that are quick and easy to use while offering all the goodness of natural and organic ingredients.

Research is proving that the toxic ingredients included in many skin care products can be harmful. That’s because these chemicals are often absorbed through the skin and into the bloodstream. I wanted to create a line of products that included nothing but pure, natural and, whenever possible, organic ingredients that Soul Purpose customers could feel good about using every day, and that would give them the results they wanted.

sought out 2 experts; a German scientist and nationally renowned expert on essential oils and skin care and a globally renowned Russian aroma-therapist

who has spent her life teaching others about the benefits of using natural ingredients, and researching and creating remarkable health and beauty formulas. Her expertise in developing high quality skin care for customers who want the very best—and want to maintain their beauty—is evident in each of Nurture’s products.

By combining the therapeutic qualities of pure essential oils with some of nature’s most beneficial botanicals, Nurture came to life in products that are as easy to use as ... 1, 2, 3 plus 1. You start with a cleanser, then apply toner for gentle exfoliation, and finally, moisturize. The plus? One of six serums we’ve formulated to target specific skin care needs. These four steps take about 4 minutes—it doesn’t get any easier ... or more beautiful ... than this!

Once we had the formulas in place, I searched for the ideal person to help us launch the line. When Kathy Sledge, of the popular singing group Sister Sledge, found out about Nurture, she enthusiastically signed aboard, and she is now joyously singing the praises of Nurture. Be sure to watch for her youthful-looking, beautiful image as we roll out this new addition to the Soul Purpose brand.

It’s time to take heed and to let Nurture, through the wisdom of nature, restore your skin and appearance. It’s time to put “1, 2, 3 plus 1” simplicity into your skin care regimen for results that are downright age-defying.

Here’s to your more youthful-looking skin—thanks to the goodness of Nurture,

Nadine

“Nurture means to nourish, and that’s just what our new skin care line does—with all natural, organic ingredients and with ‘1, 2, 3 plus 1’ simplicity.”
-Kathy Sledge

Table of Contents

Why Organic Skin Care?

They’re everywhere. In your eye cream. In your moisturizer. In your exfoliant, your firming serum, even your daily cleanser. They’re chemicals, and many experts fear they are causing damage to people on a daily basis. In-Cosmetics magazine reported in 2007 that the average woman absorbs nearly 5 pounds of chemicals from toiletries and makeup every year.*

Biochemist Richard Bence, who carried out the research published in the magazine, believes the chemicals contained in many everyday beauty products could be doing untold damage.*

The solution? Nurture—an all natural and organic skin care line from Soul Purpose Lifestyle Company that offers “1, 2, 3 plus 1” simplicity along with all the goodness of nature—and no harmful chemicals. Nurture cleansers, toners, moisturizers and serums are formulated with pure essential oils and other natural ingredients that will give you the skin you want and deserve: softer, firmer, more radiant, clearer and ... younger looking.

KINDNESS CLEANSING MILK

The power of essential oils to nurture your skin, fight dryness, minimize fine lines and protect you from pollution and signs of stress on your pretty face. Glowing, pretty skin begins with clean nurtured skin.

Features and benefits: Essential Oils soften, restore and defend. Vitamins, Extracts & Hyaluronic acid keep your skin moist, supple.

DIRECTIONS FOR USE: Gently massage cleansing milk onto face and neck then tissue or rinse off as desired. Excellent as a gentle and restorative makeup remover. Use every morning and evening or as needed. **WARNING:** for external use only. avoid contact with eyes and eyelids. If product gets into eyes, rinse thoroughly with water. discontinue use if irritation or rash appears. Keep out of reach of children. Not to be used on broken skin or open wounds.

CLARIFYING VITAMIN C FACE WASH

Features and benefits: A hydrating face wash with the restorative benefits of vitamin C, healing aloe vera and beneficial antioxidants. Our vitamin c formula contains the highest form of active, bio-available Vitamin C for beautiful skin. For up to eight- fold antioxidant protection, ninety-six percent reduction of sunburn cells, and prevention of the formation of free radicals in sun exposed skin. Fades sun spots and discoloration, refines skin texture and reduces wrinkle formation as well as minimizing existing wrinkles.

Directions for use: Use daily to remove dirt, oil and makeup. Cleanse facial skin with your fingertips and massage gently in a circular motion, rinse with cool water and gently pat dry to avoid drying out your skin. Follow with a toner or beauty elixir to exfoliate if you need to remove dull, dead skin cells or left over traces of cleansers.

KINDNESS ROSE WATER & GLYCERIN BEAUTY ELIXIR

The perfect elixir for mature, dry, sensitive or damaged skin. Gently exfoliates to promote brighter, more luminous skin with softer, smoother texture. Gently sloughs away dead skin cells while soothing, hydrating and detoxifying skin. This alcohol-free, fragrance-free, oil-free elixir combines skin-soothing antioxidants with hydrating and exfoliating ingredients to help control skin oils and bring your skin's pH balance back to its natural state.

Infused with Rosewater, long known for its mild astringent properties and glycerin for extraordinary hydration.

Directions for Use: Gently swipe over the entire face and neck area (avoiding the eye area) with a saturated cotton ball.

Skin will be nourished, balanced, toned and absorption of serums and creams are enhanced with use. Can be used alone after exposure to environmental elements or when the skin feels dry or dehydrated.

BALANCING VITAMIN C TONER

Vitamin C renews the skin while fighting free radicals alongside over a dozen unique botanical actives. Nano-structured water suspends ingredients in a highly bio-available solution while vitamin C and MSM drives active ingredients deep into the skin. Geranium oil brings centuries of skin restoring properties to this formulation, while bee propolis preserves the integrity of the skin. Skin is nourished, balanced, and toned, and absorption of serums and crèmes is enhanced with use of this product.

RESTORE VITAMIN C SERUM

Nurture. Restore. Renew. A healing and restorative serum to restore skins beauty and balance and to reverse damage caused by toxins in the environment and over exposure to the sun. Ideal for all skin types.

Our Vitamin C is the highest form of active, bio-available Vitamin C for beautiful skin. For up to eight- fold antioxidant protection, ninety-six percent reduction of sunburn cells, and prevention of the formation of free radicals in sun exposed skin. Fades sun spots and discoloration, refines skin texture and reduces wrinkle formation as well as minimizing existing wrinkles.

Directions for use: Apply gently to clean skin after toner or elixir but before your moisturizer. Lightly massage into the face and neck, allow it to absorb and then apply moisturizer.

Care for Mature Skin

The Wisdom of Maturity + The Wisdom of Nature

Time marches on, and there isn't a thing you can do about it. However, when it comes to how your skin ages, there is a lot you can do about it ... and it starts with our new, healthy line of Nurture beauty and skin care products. As you age, the molecules that support healthy, young looking skin begin to break down, and it takes your body longer to repair them. Add extrinsic factors like smoking, sun damage, pollution and free radical damage, and you end up with the sagging, wrinkles, age spots and dull complexion that can make you look older than your years.

Recommended Products:

Kindness Rose Water & Glycerin Beauty Elixir

Rest Restorative Night Cream

Restore Vitamin C Serum

Although we believe beauty is heightened by the wisdom of maturity, we also know wisdom means using the best nature has to offer to keep your skin as healthy and radiant as possible. Grammy-nominated singer Kathy Sledge depends on Nurture and Wisdom Anti-Aging serum to keep her skin radiant and young looking. "I may be getting older, but I certainly don't want to look old," she says. "Nurture offers a powerful combination of all natural ingredients and beneficial peptides that are giving me the best skin of my life." Celebrate the wisdom of your maturity with the wisdom of nature—in every Nurture product.

Care for Dry Skin

Care for dry, sensitive and mature skin types.

Mature, sensitive or extremely dry skin

As we get older our skin often gets drier, loses its suppleness and elasticity, shows signs of aging which includes wrinkles and lines and may often show signs of sensitivity. For many others our skin has been dry and/or sensitive for years and many people struggle with challenges of psoriasis and eczema. This is often indicated with extreme dryness, flakiness and patches.

Adopting a nurturing skin care regime will address these challenges. Vitamin C will heal, essential oils will renew, and hyaluronic acid will moisturize and hydrate, combine to have a recipe for healthy, anti-aging skin care. We recommend washing with Vitamin C face wash in the morning; Kindness Rose Water and Glycerin Beauty Elixir then Day Cream. We recommend for your evening regime you use the Cleansing Milk followed by the Rose water and Glycerin Beauty Elixir then the Night Cream.

Recommended Products:

Kindness Cleansing Milk

Kindness Rose Water & Glycerin Beauty Elixir

Rest Restorative Night Cream

You deserve a little kindness!!

Life can be challenging and our skin often reflects the stress. Also, as we age, the signs of stress results in signs of aging which includes loss of elasticity and moisture, lines and wrinkles. Soul Purpose has a collection 3 products in our nurture skin care line called KINDNESS. The KINDNESS line consists of a cleansing milk, rose water and glycerin beauty elixir and a rejuvenating day cream. These products contain our exclusive anti-oxidant blend and essential oils to restore, renew and replenish your skin each and every day.

Beauty in our Middle Years

It is not too late, or too early to begin Nurturing your skin

Turn Back the Clock with Nurture

We've all been there: Looked in the mirror and suddenly saw wrinkles and lines that didn't seem to be there yesterday. Or maybe you're noticing that your skin is starting to sag at the jaw line, or there are dark spots. Now is the time to take corrective action, because your skin ages every day. In addition to factors like smoking, sun damage and even everyday actions like frowning and smiling, your skin naturally ages over time because your body can't fully repair damage to molecules that gave your youthful skin its strength and resilience. But you can combat the aging process.

First, protect your skin from the sun—always. Then look for products that contain vitamin C, like those found in our Nurture skin care line. Topical application of vitamin C helps to support collagen production, provides protection against harmful UVA/UVB rays, and can even help to decrease pigmentation. For brighter, more flawless and healthier skin—turn to Nurture with its powerful arsenal of all natural, age-fighting ingredients—and start turning back the clock!

Healthy, Beautiful Skin Begins in Your Youth

Nuture and Preserve your youthful glow.

For a Lifetime of Beauty ... Take Steps Today

Believe it or not, wrinkles, age spots and uneven skin tone begin when you're young. This is especially true of sun damage, which often doesn't show up until you're older. Even without the sun, as you age, collagen and elastin—the proteins that make your skin soft and elastic—decrease. In fact, after the age of 20, your body produces about 1 percent less collagen in the skin each year. That's why it's so important to start taking care of your skin before you notice problems.

Fortifying your skin today with pure, natural ingredients like hyaluronic acid, shea butter, lavender, tea tree oil and aloe vera, along with powerful antioxidants like vitamins C, E and A, will give you a lifetime of beauty. From daily skin care to targeted serums, Nuture will help give you more radiant skin as it helps you maintain a younger looking appearance—today and tomorrow!

Products Nature Would be Proud to Call its Own.

At Soul Purpose Lifestyle Company, we believe products should be “good” from the first ingredient to the last. That means, as a customer, never having to worry about putting anything harmful on your skin or in your hair.

Why Organic Skin Care?

They're everywhere. In your eye cream. In your moisturizer. In your exfoliant, your firming serum, even your daily cleanser. They're chemicals, and many experts fear they are causing damage to people on a daily basis. In-Cosmetics magazine reported in 2007 that the average woman absorbs nearly 5 pounds of chemicals from toiletries and makeup every year.* Biochemist Richard Bence, who carried out the research published in the magazine, believes the chemicals contained in many everyday beauty products could be doing untold damage.*

The solution? Nurture—an all natural and organic skin care line from Soul Purpose Lifestyle Company that offers “1, 2, 3 plus 1” simplicity along with all the goodness of nature—and no harmful chemicals. Nurture cleansers, toners, moisturizers and serums are formulated with pure essential oils and other natural ingredients that will give you the skin you want and deserve: softer, firmer, more radiant, clearer and ... younger looking.

Your skin absorbs what you put on it—it's estimated 60 percent of a product's ingredients are absorbed into your body. So if a product contains harmful or synthetic ingredients, you could be putting those chemicals into your body. And we don't think that's a good thing.

With nature as our guide, we are committed to developing products that nature would be proud to claim as its own. They are products that soothe and rejuvenate, condition and invigorate with every delightful scent and silky touch. Most important, Soul Purpose products are formulated with all of the goodness nature offers and none of the harmful ingredients created by today's technology-savvy world.

Here's what you will never find in a Soul Purpose product:

- Parabens
- GMOs (genetically modified organisms)
- Petrochemicals
- Phthalates
- Synthetic fragrances
- Synthetic dyes
- Triclosan

But you will find high concentrations of these natural ingredients:

- Antioxidants
- Botanicals
- Essential oils
- Fruit extracts
- Marine bioactives
- Minerals Vitamins

Soul Purpose is all about looking and feeling good and empowering people to be the magnificent individuals they were born to be. Nature is our teacher, our guide and our inspiration ... every formula, every product, every time.

The Ultimate in Vitamin C For Nature Based Skin Care

Soul Purpose has developed a premium base of Vitamin C based formulas for all skin types designed to provide the most advanced protection from environmental aging. We offer them to you now, along with a slightly heady explanation of what they do, why ours are superior, and how and why they are to be used. We pride ourselves on offering the most comprehensive education to our entrepreneurs and customers. The cutting edge of skin care research shows that aging skin is the result of more than just years on the calendar. Exposure to environmental elements like sunlight, smoke, and air pollution causes photo-aging in skin. Not only does this lead to the formation of lines, wrinkles, and pigmentation - it can lead to more serious skin conditions including skin cancer. A comprehensive Vitamin C program can help prevent photo-aging and the onset of more serious skin conditions. Topical vitamin C has now been shown to provide up to eight times the skin's natural protection from UV damage. Vitamin C protects your skin from the sun in ways that sunscreens can't. When used together, Vitamin C and sunscreens provide almost complete photo-protection - preventing photo-aging, preventing the appearance of fine lines and wrinkles, and promoting vibrant skin health.

Oxidative damage shows up on our faces in the form of sun spots, discoloration, wrinkles, sagging, and loss of elasticity and glow. Vitamin C prevents oxidative damage by neutralizing oxygen-free radicals before they can attack the body. Some Vitamin C is available to the body by oral ingestion, but many individuals do not achieve even the minimum daily requirement through diet or supplements. Furthermore, Vitamin C cannot be stored in the body, and so must be reintroduced into the body AND skin on a daily basis. Our labs' scientists and formulators have refined ways to stabilize and deliver additional amounts of key Vitamin C into the skin. Continued research has demonstrated that properly formulated vitamin C combinations work synergistically to provide enhanced benefit. Recent studies show that topical application of optimized Vitamin C combinations can provide up to eight-fold antioxidant protection, up to ninety-six percent reduction of sunburn cells, and prevent the formation of free radicals in UV irradiated skin (sun exposed skin).

Our vitamin C formulations are superior to most of the C products on the market....due to our use of a uniquely stabilized vitamin C called Stay C (Sodium Ascorbyl Phosphate). Sodium Ascorbyl Phosphate is water soluble and is a salt form. It is easily bio-converted to Vitamin C by skin enzymes. Ascorbyl Palmitate is the more commonly used form of vitamin C in skin care formulations today. Sodium Ascorbyl Phosphate

is more stable, meaning that it will not yellow the product base as quickly. The reason that we do not use the more commonly used Ascorbyl Palmitate is that it is not as easily converted to Vitamin C in the skin....it remains in the ester form for a longer period of time. This is not optimal as we want the skin to bio-convert the pro-vitamin form and take up the C right away! What good will a vitamin C concentrate do for your complexion and skin cells if it cannot actually penetrate into the skin? So what we are saying here is that the more commonly used Ascorbyl Palmitate is more stable but less bio-available to the skin. We use Stay C at concentrations that may turn the base a light cream color over time. That is because vitamin C is active...all vitamins are active and sensitive to light. The main reason the Palmitate version was created was to avoid the yellowing in formulation but really had nothing to do with the skin efficacy. We are only interested in efficacy, and if we have to watch our product turn a light yellow in order to have the best skin care available, well, so be it!!

Vitamin-C is necessary for the production of collagen, the major structural protein of the skin and although visible differences will not be seen for approximately two months, you may notice a visible difference in skin texture, color and tone in as early as a few days. Soul Purpose's Topical Vitamin-C products will start to be absorbed by the skin almost immediately. Because these vitamin-C products were developed as a preventative treatment with the goal of protecting the skin from further environmental damage, the skin will benefit the moment the vitamin-C is applied. The appearance of fine lines and wrinkles will become less noticeable within two to six months. Individual results will vary, depending upon the condition of the skin at the time of initial use. Research shows that topical vitamin-C offers photo-protective qualities.

Suggestions for use:

Most individuals find the ideal time to apply vitamin-C is in the morning, because during the day you are more susceptible to sun exposure and Sodium Ascorbyl Phosphate provides photo-protection from UVA/UVB radiation. You can also safely use it at night, as it stays in the skin for up to 72 hours and cannot be washed off. Using our Vitamin C products once a day should be perfect for optimal results. Do not let the slight sting upon application scare you. The high acid levels are necessary in order for the Vitamin C to be absorbed. Other products with AHA's can still very safely be used alongside of our Vitamin C formulations and will actually be greatly enhanced by the addition of these products.

NURTURE VITAMIN C

The benefits of high quality vitamin C in Soul Purpose Nurture Skin Care Products:
For up to eight- fold antioxidant protection, ninety-six percent reduction of sunburn cells and prevention of the formation of free radicals in sun exposed skin. These formulas will reduce and fade sun spots, discoloration, refines skin texture and reduces wrinkle formation as well as minimizes existing wrinkles. Multi fruit acids renew and regenerate skin along with a potent botanical ingredient blend for healthy glowing skin.

Nurture... Not for Women Only

At Soul Purpose, we believe everyone deserves good health, wealth, happiness and looking their absolute best. And even though the nearly \$5 billion U.S. skin care industry focuses on helping women achieve smoother, firmer and more radiant skin, we think the men in our community also deserve to have younger looking skin. With Nurture ... skin care is as simple as "1,2,3 plus 1," offering a quick and easy way for men to make skin care part of their daily grooming regimen.

Looks aside, men also need to think about the health of their skin. Nurture offers all natural and organic ingredients that will help add moisture to those manly features and provide powerful antioxidant support with vitamins A, C and E. Plus, Nurture can help condition the skin to make shaving less irritating. The aging process is an equal opportunity offender, so why should men look older than their years if Nurture can help restore skin's health, texture, firmness and elasticity? We invite our male customers to make Nurture skin care part of their morning and evening routine. We'll never tell, but we think people will definitely notice the results!

FOR HIM

Clarifying Vitamin C Face Wash
Balancing Vitamin C Toner
Kindness Rejuvenating Day Cream

Be Kind to your skin!!!!

Our rosewater and glycerin beauty elixir is a traditional blend used for centuries to gently purify and tone sensitive and mature skin. The rose water serves as a mild astringent and toner and the vegetable based glycerin provides moisture.

This beauty elixir can be used by anyone who wants to pamper their skin and can be used throughout the day for cool, refreshing, instant relief from hot, humid, polluted, stuffy and other stressful conditions. It is essential for travel and long flights and also perfect for after shaving!!!!

Pamper your skin because it can always benefit from a little kindness.
