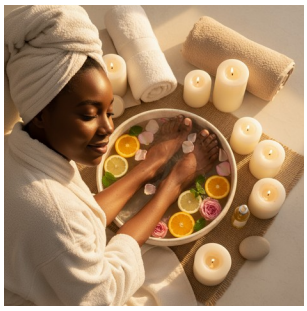
The Power of Scent

Fragrance is more than an accent — it is an experience. A beautiful scent has the power to soothe a racing mind, lift a heavy heart, and turn an ordinary moment into a ritual of care. Aromatherapy draws on this connection between scent and emotion, using natural aromatic oils to ease stress, restore calm, and support a sense of overall well-being. Every fragrance in the Marcus and Maya collection has been thoughtfully composed not just to smell beautiful, but to nurture the body and spirit — for the mothers who wear it, and the little ones who will always associate it with comfort, safety, and love.



At the heart of this collection is peach — our signature note and the soul of Marcus and Maya. Peach was chosen as the collection's core fragrance because it is Camilla's favorite scent, one that carries her back to her Southern roots and the warmth of home. It is woven through several fragrances in the line, from Georgia Peach to Peaches & Cream to Peach & Lime Sorbet, each offering its own expression of that same sweet, sun-ripened memory.

The Fragrances

Georgia Peach *(Signature Core Fragrance)*

A sun-ripened blend of juicy peach and creamy coconut, opening bright and fruity. Banana flower, geranium, and soft jasmine bloom at the heart, adding a delicate floral warmth. It finishes on rich wood and musk, grounding the sweetness with quiet depth.

Peaches & Cream

Peach & Lime Sorbet

A refreshing burst of white peach, grapefruit, and lemon opens this citrusy escape. A hint of white wine accord and orange peel adds a crisp, sparkling twist at the heart, while shimmering woods bring a warm, sun-kissed finish.

Warm Brown Sugar

Top: *Creamy butter*
Middle: *Sugar syrup, maple*
Base: *Caramelized sugar*

A gourmand delight that opens with silky, creamy butter before warming into notes of sugar syrup and rich honey. It settles into deep, caramelized sugar — toasted, smooth, and irresistibly sweet.

Cucumber Melon

Base: *Sheer woods, white musk*

Crisp and refreshing, this scent opens with sparkling citrus that awakens the senses. Cool green cucumber blends with juicy honeydew and cantaloupe at the heart, while sheer woods and white musk bring a soft, clean finish.
